

A List of Reclaimed Water Projects and Contacts

Constructed Reclaimed Water Projects

1. City of Ephrata, Grant County – Class A reclaimed water for groundwater recharge, irrigation, city and commercial uses (1.12mgd). Contact Jim Cherf at (509) 754-4601.
2. City of Royal City, Grant County – Class A reclaimed water for groundwater recharge, irrigation uses (0.25 MGD). Contact John Lasen at (509)346-2263.
3. City of Sequim, Clallam County – Class A reclaimed water for irrigation, stream flow enhancement, ground water recharge and city uses (0.67 MGD). Contact Jim Bay at (360) 683-4908.
4. City of Yelm, Thurston County – Class A reclaimed water for irrigation, wetlands and groundwater recharge (1.0 MGD). Contact Shelly Badger at (360) 458-8405.
5. King County – city of Renton facility – Class A reclaimed water for landscape irrigation (1.3 MGD). Contact Tom Fox at (206) 296-5279.
6. King County, Westpoint facility – Class A reclaimed water for irrigation and plant process water (1.0 MGD). Contact Tom Fox at (206) 296-5279.
7. Holmes Harbor Water District (Whidbey Island) – Class A reclaimed water for golf course irrigation (0.1 MGD); Planned expansion to 0.2 MGD. Contact Mark Dumke at (360) 331-4636
8. City of Snoqualmie, King County – Class A reclaimed water for golf course and landscape irrigation (1.6 - 2 MGD). Contact Kirk Holmes (425) 888-5435, ext. 12.
9. Sunland Water District, Clallam County – Class B reclaimed water for irrigation (0.1 - .3 MGD). Contact Dick Stuhr at 360-683-3905
10. San Juan County, San Juan Island – Class A reclaimed water for toilet flushing (1000 gpd). Contact Mark Tompkins, Environmental Health Manager at (360) 378-4474.
11. City of Medical Lake, Spokane County – Class A reclaimed water for streamflow augmentation (1.85 MGD). Contact Al Prouty at (509) 299-6860.
12. City of Walla Walla, Walla Walla County – Providing reclaimed water for land application (6.2 MGD). Contact Frank Nicholson at (509) 527-4463 or Hal Thomas at (509) 527-4463.
13. City of College Place, Walla Walla County– Class A reclaimed water treatment installed but does not have alternative disposal site for reliability (1-1.5 MGD) Uses include irrigation, stream flow augmentation and wetlands. Contact Van Voorhies at (509) 529-1200.
14. North Bay/Case Inlet, Mason County – Class A reclaimed water for land application and groundwater recharge (0.3 MGD). Contact Gary Yando at (360) 427-9670, ext. 270.
15. Main Street Sewer District (Whidbey Island) Class A reclaimed water for irrigation and possible toilet flushing (17,500 gpd). Contact Rick Almberg at (360) 675-2438.

Planned Reclaimed Water Projects

1. City of Quincy, Grant County – Class A reclaimed water for aquifer recharge (1.54 MGD). Contact Daniel Frazier at (509) 787-3523.
2. King County, Satellite Demonstration Facility – Class A reclaimed water for seasonal landscape irrigation (2-5 MGD). Contact: Tom Fox at (206) 296-5279.
3. LOTT, Thurston County – Budd Inlet Facility. Class A reclaimed water for landscape irrigation. (1.0 – 1.5 MGD). Contact Mike Sharar or Karla Fowler at (360) 664-2333.
4. LOTT, Thurston County – Hawks Prairie Satellite Facility. Class A reclaimed water for landscape irrigation, aquifer recharge, commercial and industrial uses (1.0 – 5.0 MGD). Contact Mike Sharar or Karla Fowler at (360) 664-2333.
5. City of Everett/Kimberly Clark, Snohomish County - Class C reclaimed water for industrial cooling (6-8 MGD). Contact Dan Thompson at (425) 257-8223.
6. City of Everett, Snohomish County – Poplar Irrigation, Class C reclaimed water for hybrid poplar tree irrigation (1.5 MGD). Contact Dan Thompson at (425) 257-8223.
7. Cascadia/Orting, Pierce County – Class A reclaimed water for seasonal landscape irrigation golf course, school fields and parks, (0.5 MGD). Contact: James Mercer at (360) 893-2219.
8. Cowlitz Regional Sewer Operating Board, Cowlitz County – Class A reclaimed water for use at energy co-generation facility (2.3 MGD) Contact Jerry Schultz at (360) 577-2040.
9. City of Chehalis, Lewis County – Class A reclaimed water for poplar irrigation, (3.5 MGD) Contact Jim Nichols at (360) 748-0238.
10. Pierce County – Chambers Creek properties master plan includes reclaimed water use for site restoration and irrigation. Contact Marsha Huebner at (253) 798-4050.
11. City of Pullman/Washington State University, Whitman County – Class A reclaimed water proposed for irrigation uses (2.0 MGD). Contact Mark Workman (Pullman) at (509) 334-4555 or Gerald Schlatter (WSU) at (509) 335-5571.
12. Mount Rainier Resort at Park Junction, Pierce County – 100 % Class A reclaimed water for proposed destination resort (0.3 MGD). Contact Sylvia Cleaver at (503) 282-3357.
13. Crystal Mountain Sewer District, Pierce County – Small Class A pilot reclaimed water demonstration to make snow or provide seasonal landscape irrigation. Contact Bill Steel at (360) 663-2265.
14. Spokane County – Class A reclaimed water planning for ground water recharge, irrigation or commercial/industrial uses. Contact N. Bruce Rawls at (509) 477-3604.
15. Lakehaven Utility District, King County. Class A reclaimed water planning for irrigation and groundwater recharge. Contact Don Perry (253) 941-1516

There are additional projects throughout the state conducting planning and feasibility studies.
